DETAILED ACTION

Reasons For Allowance

1. Claims 1-10,13-14 are allowed.
2. The following is an examiner's statement of reasons for allowance:

Examiner finds applicant's remarks filed 06/22/2009 persuasive.

Claim 1:

None of the prior art references of the record, either stand-alone or in combination, teaches a motor bearing holding structure having a molded rotor with a metallic member with a first and second end portions, the first end portion is integrally molded with the rotor,

wherein the metallic member is a plurality of metallic members each including a washer that is fixed to corresponding metallic member, and

wherein the plurality of metallic members are provided at plurality of places at equally spaced intervals around the rotary central axis of the molded rotor and the washer includes holes that allow the metallic members to be penetrated at a position corresponding to each of the metallic members provided at the plurality of places, as recited in the claims.

3. The restriction requirement of species B of claim 2, as set forth in the Office action mailed on 08/08/2008, has been reconsidered in view of the allowability of claims to the elected invention pursuant to MPEP § 821.04(a). **The restriction requirement is hereby withdrawn as to any claim that requires all the limitations of an allowable**

claim. Claim 2, directed to species B is no longer withdrawn from consideration because the claim(s) requires all the limitations of an allowable claim.

In view of the above noted withdrawal of the restriction requirement, applicant is advised that if any claim presented in a continuation or divisional application is anticipated by, or includes all the limitations of, a claim that is allowable in the present application, such claim may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application.

Once a restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

4. Examiner's objection to drawing made in correspondence dated 04/17/2009 is withdrawn.
5. Examiner's rejection of claim 3 in correspondence dated 04/17/2009 under U.S.C 112, second paragraph is withdrawn in view of applicant's amendment.
6. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
7. Any inquiry concerning this communication or earlier communications from the examiner should be directed to NAISHADH N. DESAI whose telephone number is (571)270-3038. The examiner can normally be reached on M-F.
If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Quyen Leung can be reached on (571) 272-8188. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
